First Annual Pond Tour

Greenfrog Ponds first annual pond tour was a great success! We would like to thank everyone who went on the tour and to the pond owners for allowing us to come and admire their features. A big thank you to all of you who donated to the Allegan Food Pantry. Your donations are greatly appreciated.

We will definitely be hosting more tours next season. Anyone interested in having their water feature on the tour please contact us.

Just a few of the ponds featured in our first annual pond tour.

Plainwell Island City Festival

August 20th

Water Treatment Basics class,
7pm at Greenfrog

Fun Frog Fact

Getting warts from frogs or toads is a myth. Some frogs have glands that secrete a small amount of poison that can irritate your skin but it has not been known to actually cause warts!

OPENING APRIL 13

RETAIL CENTER SPRING HOURS:

Tuesday – Friday	11am – 6pm
Saturday	9am – 2pm
Closed Sunday & Monday

Ask Us About Our Exciting New Rainwater Harvesting Projects!

Did you know that...

- 80% of rain water runoff goes into storm drain runoff.
- 1" of rainfall on a 2,000 sq ft roof generates up to 1,250 gallons of water that can be reused.
- Running a sprinkler for 2 hours can use as much as 500 gallons of water.
- Rainwater is rich in nutrients.
- There are no chemicals in rainwater.
- Using rainwater will reduce fertilizer use.

Full Service Landscaping — boulder, allan block, timber walls, paver patios, decks and low voltage lighting.
